

Compliance University: *Regulations and Resources*

Date: March 3
Time: 1:00 - 2:30p

Rick Reibstein of the Mass. Office of Technical Assistance (OTA) will present an Environmental Reporting Regulatory Matrix and lead a discussion of new regulatory developments, such as the designation of Substances of Very High Concern under REACH. Bring your questions, bring your resources! Reibstein will also highlight money-saving resources such as the Toxics Use Reduction Institute's demonstration site grant, the Industrial Assessment Center's energy audit program, MA Growth Capital Corp. financing programs, and OTA's confidential services for compliance and technical assistance.
