

Devens Eco-Efficiency Center

Helping firms protect resources.

DEVENS ECO-EFFICIENCY CENTER'S SERVICES help commercial, industrial, municipal, and non-profit institutions conserve resources, save money and contribute to the betterment of their community. Between 2008-2015, this award winning non-profit provided value to more than 200 central Massachusetts establishments and collaborated on sustainable business practices that reduced operating expenses by an estimated \$4,060,307.

Program Benefits

The Devens Eco-Efficiency Center provides a variety of low-cost services that enable local firms to integrate more sustainable practices into their daily operations, such as:

- Educational forums,
- Networking activities, and
- Partnership opportunities.

These offerings help manufacturers, service providers and others:

- Implement cost-savings strategies;
- Be more viable contributors to the economic growth of the region; and
- Gain competitive advantages in the marketplace as responsible stewards.

Member Benefits

Members of the Eco-Efficiency Center gain access to additional services and benefits, including:

- Walk Through Review meeting and report,
- Dedicated technical assistance,
- Priority status for The Great Exchange,
- Waived program and service fees, and
- Recognition of sustainability initiatives.

Program Highlights

- **WORKSHOPS** help participants stay informed of new regulations, improved technologies and industry trends.
- The monthly **EHS ROUNDTABLE FORUM** brings professionals with environmental, health and safety responsibilities together to pursue learning opportunities and share experiences, best practices and resources.
- A **Walk-Through Review** starts with a tour and manager meetings and ends with a report that outlines opportunities to gain waste/energy/water efficiencies, action items and related benefits to help firms prioritize next steps.
- **NETWORKING FORUMS, INCLUDING FACILITY TOURS AND COMMUNITY EVENTS** provide unique settings for learning and partnering.
- **DEDICATED TECHNICAL ASSISTANCE** helps firms expedite the development, implementation and evaluation of sustainability programs and procedures that deliver savings with reduced waste generation, energy conservation, etc.
- **THE GREAT EXCHANGE** partners facilities with firms, schools, non-profits, and municipalities to repurpose manufacturing scraps, packing materials, office supplies and furniture, and more, as well as provide savings from avoided purchase and disposal costs.

Mission: Promoting and assisting with sustainability initiatives that help firms make more efficient use of material, human, economic, and environmental resources.
